**Re: KEMC Humboldt Mill Project - Authorization from Property Owners for
Inland Lakes and Streams Application**

Dear Mr. Russell:

Kennecott Eagle Minerals Company (KEMC) currently has an option to purchase land adjacent to the Humboldt Mill, located in Humboldt Township and owned by Callahan Mining Company. KEMC is proposing to rehabilitate the existing Humboldt Mill and will pursue permits from the State of Michigan.

One permit needed on the project is an Inland Lakes and Streams Application (ILSA) as required by the Michigan Department of Environmental Quality (MDEQ) / United States Army Corps of Engineers (USACE) for construction and fill activities in the HTDF. The permit application requires a letter from property owners authorizing KEMC to apply for the permit. Please provide KEMC with authorization to pursue this permit.

For your convenience, I have enclosed a letter template. Please use the template, or if you prefer, develop something similar, and return it to my attention in the enclosed self-addressed stamped envelope.

Thank you for your assistance. If you need additional information or have questions, please contact me at (906) 486-1257.

Sincerely,
Kennecott Eagle Minerals Company

**Re: Humboldt Mill, Humboldt Township, Michigan
Inland Lakes and Streams Application**

Dear Mr. Cherry:

On behalf of Callahan Mining Company this letter responds to your request of September 24, 2008 in regard to the above matter.

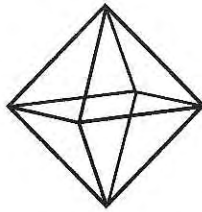

Callahan Mining authorizes Kennecott Eagle Minerals Company to make an Inland Lakes and Streams (ILSA) Joint Permit Application (JPA) for use of the Humboldt Tailings Disposal Facility (HTDF) on property located at the Humboldt Mill, Humboldt Township, Marquette County, Michigan owned by Callahan Mining Company. Callahan requests a copy of the application to be provided to my attention at the letterhead address.

Sincerely,

Luke Russell
